

FUNCTION

EUV300

EUV400V

EUV600V

EUV1000V

This series of exposing unit is capable of exposing steel plates.
Here are some characteristics:

- Excellent outlook with strong and light machine body.
- Users' eyes and skin are protected by the closed metal case in preventing leakage of UV light.
- Once pumped to vacuum, the whole process of exposing can be finished automatically. Easy to use and able to increase productivity at the same time.

SPECIFICATIONS

型号 MODEL	光源类型 Light source	灯管规格 x数量 Lamp power X amount	曝光时间 Exposure duration	净重 Weight (kg)	最大晒板面积 Max. exposure area(mm)	机器尺寸 Machine dimension (mm)	包装尺寸 Packing dimension (mm)	电源 Power
EUV300	UV光 UV light	8W x 6	0~10min	11	250x200	370x325x140	370x325x140	220-240V 50Hz 48W
EUV400V	UV光 UV light	15W x 3	0~10min	15	400x200	520x415x140	590x490x220	220-240V 50Hz 130W
EUV600V	UV光 UV light	20W x 3	0~10min	22	600x200	750x415x145	820x490x230	220-240V 50Hz 150W
EUV1000V	UV光 UV light	40W x 5	0~10min	79	1000x400	1300x720x170	1400x820x250	220-240V 50Hz 350W
